

3rd WORKSHOP

Hot topics in the clinical management of GEP NETS:

interaction between surgeon and clinician

Royal Garden Hotel, Assago (MI)
November 29th, 2023

 IEO education
Istituto Europeo di Oncologia

Rationale

Neuroendocrine tumors (NETs) of the gastroenteropancreatic (GEP) tract are rare malignancies with a heterogeneous clinical behavior. For low-grade resectable tumors radical surgery represents the best bet. In advanced disease surgical treatment may still have indication in selected cases, in combination with other treatment modalities, namely radio ligand therapy (RLT), or liver-directed locoregional treatments as trans-arterial embolization (TAE) or trans-arterial radio embolization (TARE). Whether or not is there a room for debulking liver surgery for NET metastases is a matter of debate. New insights are coming from radio-guided surgery as a possible approach in NETs.

Due to these features and lack of absolute evidence GEP NET patients should be managed within multidisciplinary dedicated teams of referral centers. This workshop is focused on the interaction between clinicians and surgeons from NET referral centers.

Faculty

Lavinia **Benini**, Milano

Emilio **Bertani**, Milano

Guido **Bonomo**, Milano

Michele **Borghesani**, Milano

Francesco **Ceci**, Milano

Massimo **Falconi**, Milano

Nicola **Fazio**, Milano

Uberto **Fumagalli Romario**, Milano

Luigi **Funicelli**, Milano

Chiara Maria **Grana**, Milano

James R. **Howe**, Iowa City (Usa)

Andrea **Lania**, Milano

Marco **Maccauro**, Milano

Sara **Massironi**, Monza

Vincenzo **Mazzaferro**, Milano

Massimo **Milione**, Milano

Emanuela **Omodeo Sale'**, Milano

Stefano **Partelli**, Milano

Eleonora **Pisa**, Milano

Simonetta **Pozzi**, Milano

Davide **Ravizza**, Milano

Roberta Elisa **Rossi**, Rozzano (MI)

Francesca **Spada**, Milano

Alessandro **Zerbi**, Rozzano (MI)

Preliminary Program November 29th 2023

10.00 - 10.20 **Workshop introduction**
E. Bertani, N. Fazio

1st session
Chairperson: **M. Falconi, F. Ceci**

10.20 - 10.40 **ENETS guidelines update**
What's new from the surgeon point of view
S. Partelli

10.40 - 11.00 **Combination of RLT and surgery for PanNETs**
A. Zerbi

11.00 - 11.20 **Radio-guided surgery in GEP-NETs: back to the future?**
E. Bertani

11.20 - 12.20 **Panel and Discussion**
L. Benini, L. Funicelli, C.M. Grana,
E. Pisa, D. Ravizza, R.E. Rossi,

12.20 - 12.50 **Lecture**
Introduction: E. Bertani
Is there a role for debulking surgery in GEP-NETs?
J.R. Howe

12.50 - 14.30 **Lunch**

2nd session
Chairperson: **U. Fumagalli Romario, N. Fazio**

14.30 - 14.50 **Results of surgery/thermal ablation for GEP-NETs liver metastases**
V. Mazzaferro

14.50 - 15.10 **What we should know about radiopharmaceuticals**
E. Omodeo Salè

15.10 - 15.30 **Pitfalls and lessons learned at IEO ENETS CoE**
F. Spada

15.30 - 16.30 **Panel and Discussion**
G. Bonomo, M. Borghesani, A. Lania,
M. Maccauro, S. Massironi, M. Milione,
S. Pozzi

16.30 - 16.45 **Closing remarks and conclusion**
E. Bertani, N. Fazio

Sede Congressuale

Royal Garden Hotel
Via Giuseppe di Vittorio, 4
20057 Assago (MI)

ECM - Educazione Continua in Medicina

L'evento è stato accreditato in Agenas **335-398068**

Sono stati attribuiti n° **6 crediti formativi** per la seguente figura professionale: **MEDICO CHIRURGO** specialista in: Anatomia Patologica, Chirurgia Generale, Endocrinologia, Gastroenterologia, Medicina Interna, Medicina Nucleare, Oncologia, Radiodiagnostica, Radioterapia

Iscrizioni

L'iscrizione è **gratuita** e comprende:

- Partecipazione ai lavori scientifici
- Lunch
- Attestato di partecipazione

E' possibile iscriversi on-line inquadrando il seguente qr code

Oppure accedendo al seguente link:
